# Of Style

The youths of the 1950's were engulfed with the "bobby socks" look; the 1960's and 70's were decades of "hippies" and "flower children." It is now 1985, and America's youth have not yet grasped a single image that can be readily identified with their generation, (except for rebellious). Today's youth have a wider selection of styles to choose from, thanks to the most powerful media device, (for better or worse) ever built. The 1980's is the decade of video. It is an era in which fads and trends have shorter lifespans than the average moth. Creating the right visual image is almost a necessity in today's world; many teenagers follow a trend that their friends have chosen just to "fit in," while others opt for their own individual look.

Today, just as it was fifty years ago, performers have an immense influence on the youth of America. All one has to do today is turn on the T.V., and he will be bombarded with various people flaunting their fashion statements. Originally, MTV was the primary showcase of trends and fashions, but now T.V. shows such as "Miami Vice", are jumping on the bandwagon. Let's take a closer look at some of the 80's biggest fads and trend-setters.

Madonna has made lingerie not only acceptable, but also fashionable. She along with Prince, Shirla E.,

Sheena Easton, and others are including suggestive lyrics in their music.

Another wave, led by David Lee Roth and Cindi Lauper, is making "outrageous" clothes stylish. Bright colors, numerous accessories, and hair that looks as if it were electrocuted are the easily identifiable traits of this fad.

Depeche Mode, the Thompson Twins, and the Cure are the major contributors to the "Neuro look"; i.e. baggy clothes and the "GQ look."

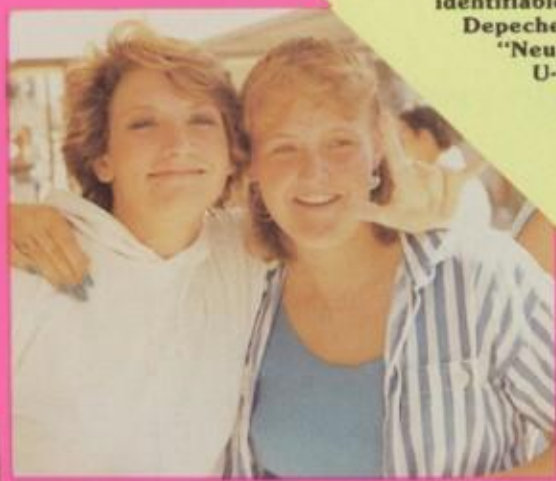

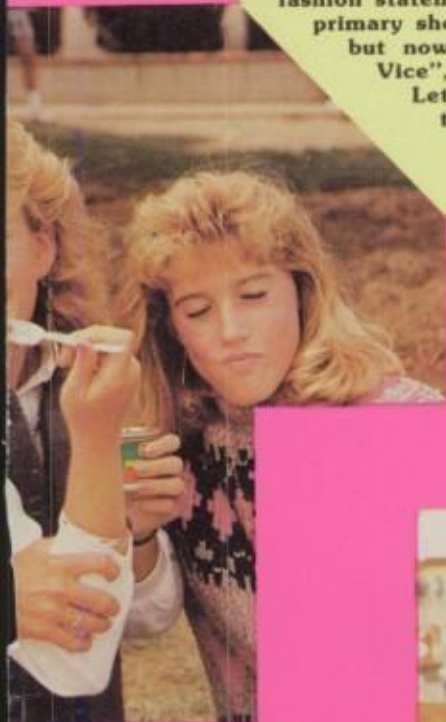

U-2 and Tears for Fears helped bring long hair and overcoats back into fashion, while Frankie Goes to Hollywood and Wham! are fads within themselves with baggy white T-shirts, which carry a phrase or slogan of the band, and fluorescent clothes.

A feeling of patriotism, along with faded jeans, was made vogue by Bruce Springsteen.

Sport jackets worn over pastel colored T-shirts and no socks is a style given to us from T.V.'s "Miami Vice."

It is next to impossible to list all of the fads of the 80's, since many people still wear styles of the previous decades, such as hippy, heavy metal, mod, punk, preppy, and (gasp) even the "Brady Bunch" look.

So far, the 80's has proved that the only certainty is change itself. While this doesn't provide much stability, it does make things interesting, and proves that, yes, it is a matter of style.

Our Loyalty, La Quinta  
Forever goes to you  
We stand beside you always  
For your spirit true  
Oh Aztecs fight forever  
For the Gold and Blue  
Hail La Quinta High School  
We'll always honor you

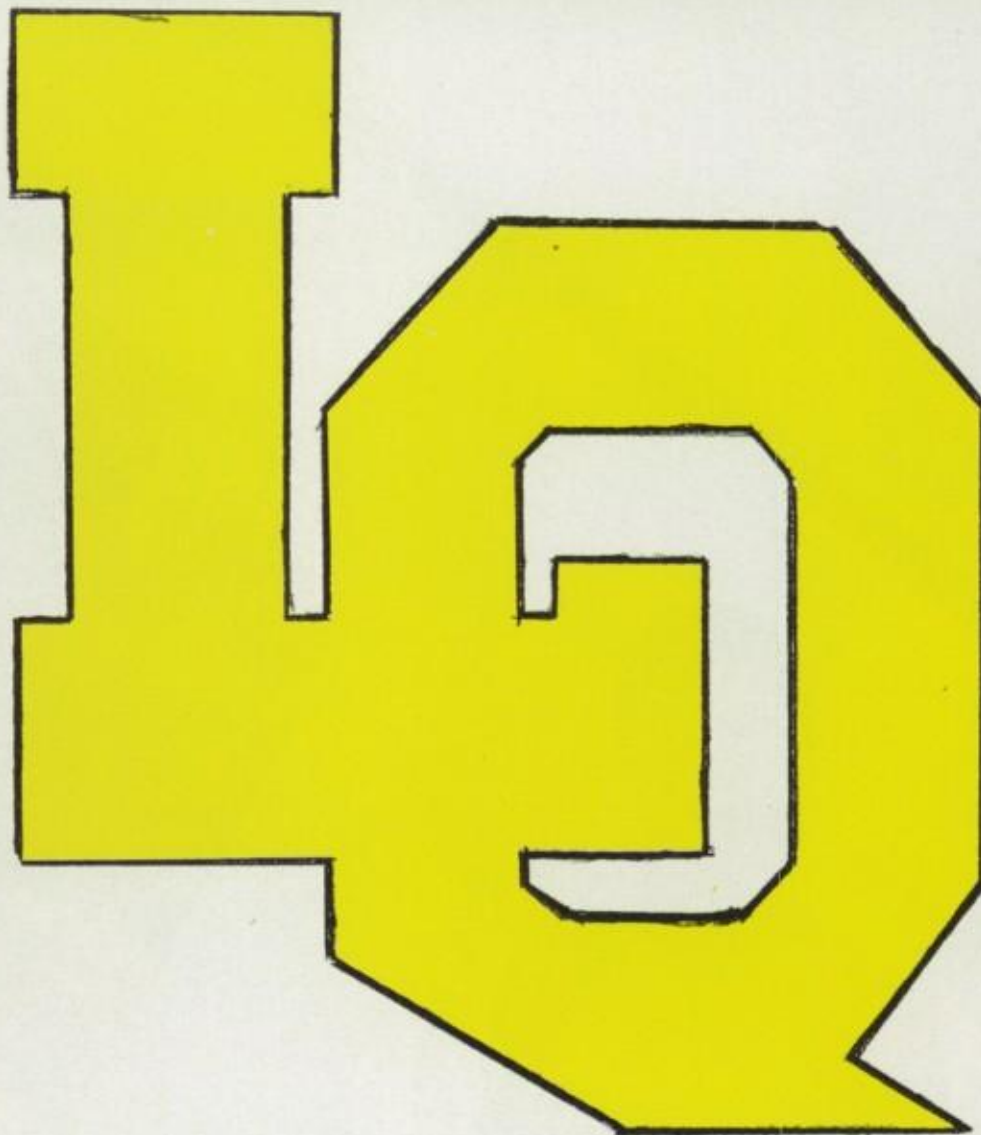

*Two examples of La Quinta's wide range of styles*

*They're not going out, they're just friends.*

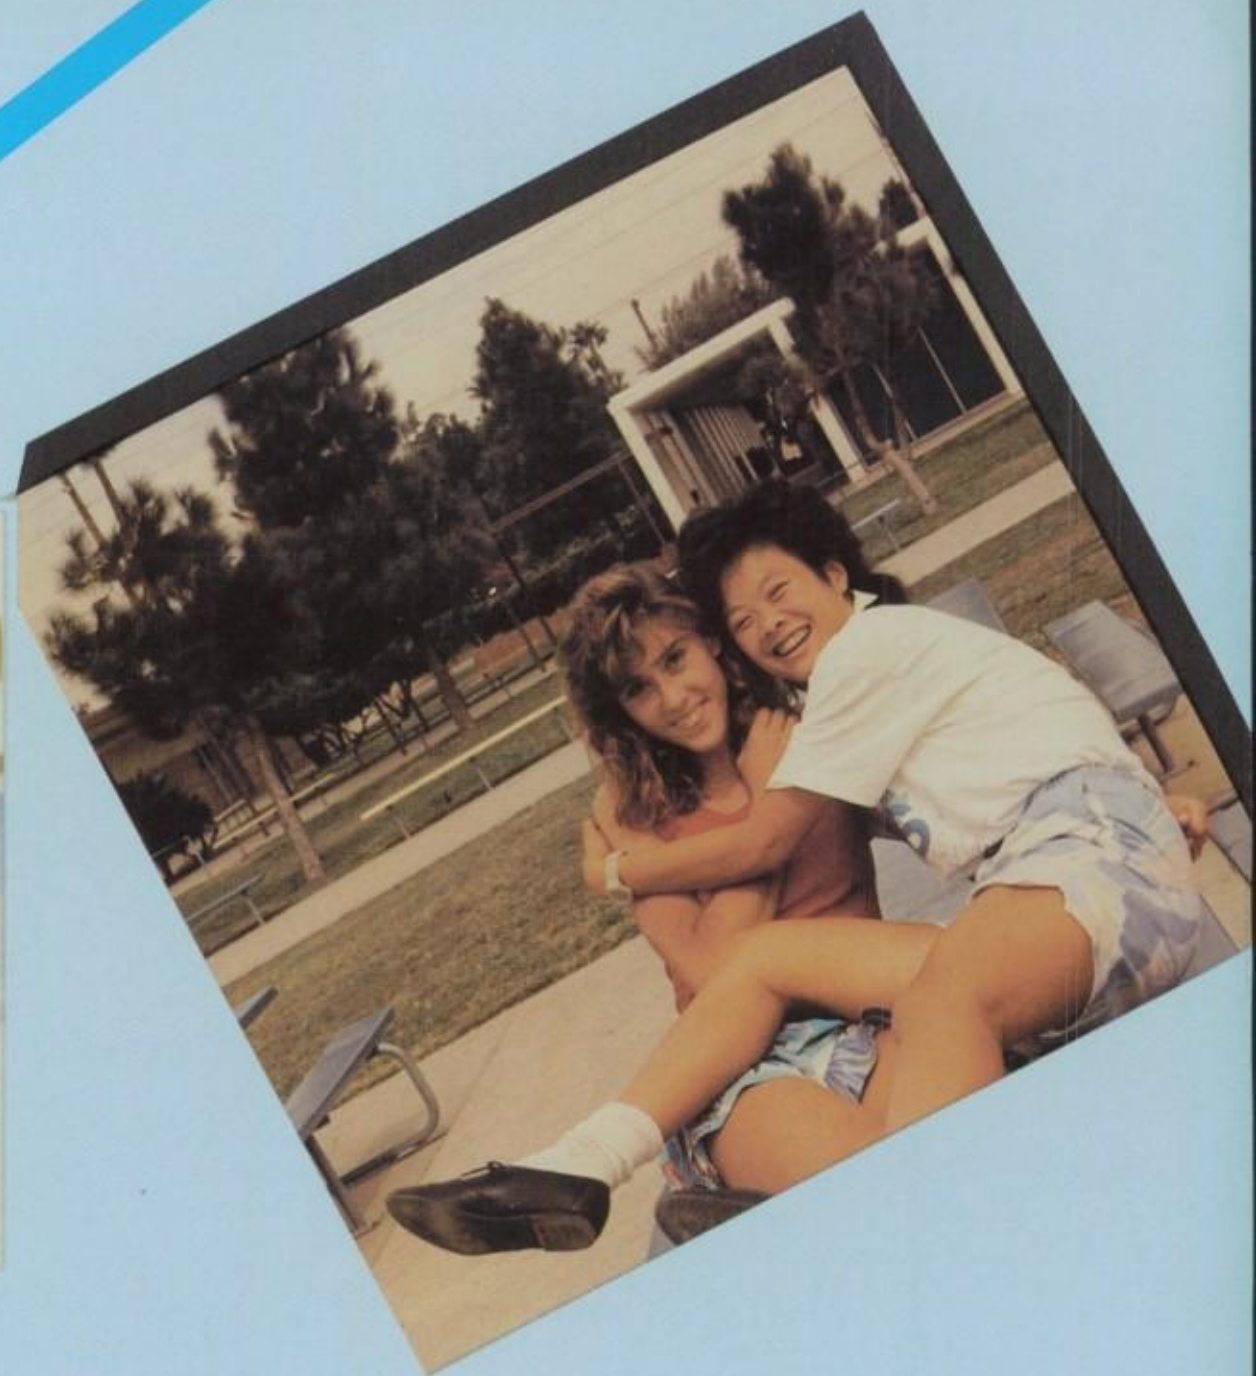

This year, "Cool Dude" and "Mr. Spirit" were just a few motivational events to involve La Quinta's student body. The Sadie Hawkin's Dance, sponsored by the sophomores, was an event that was held this year.

*A man for all seasons . . . Bill Struven*

Friendship comes in various forms. Stephanie Jung and Kristen Harkins are members of La Quinta Cross Country Team. Their friendship extends beyond the track as they take pride in each other's accomplishments.

Lunchtime is a time spent with friends, but some prefer to spend their thirty minutes working with certain clubs or organizations.

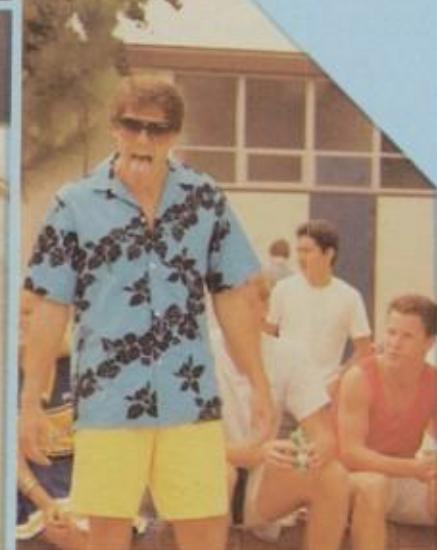

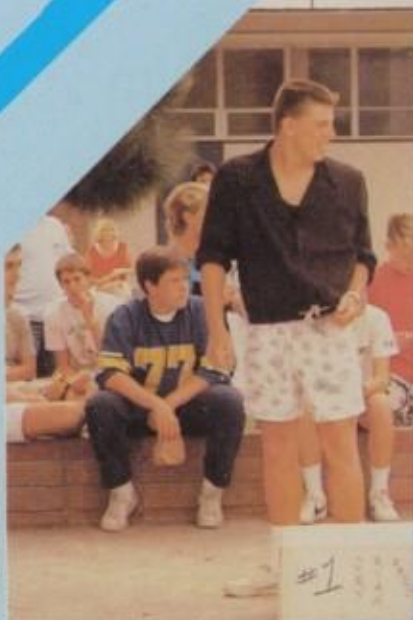

Quinta

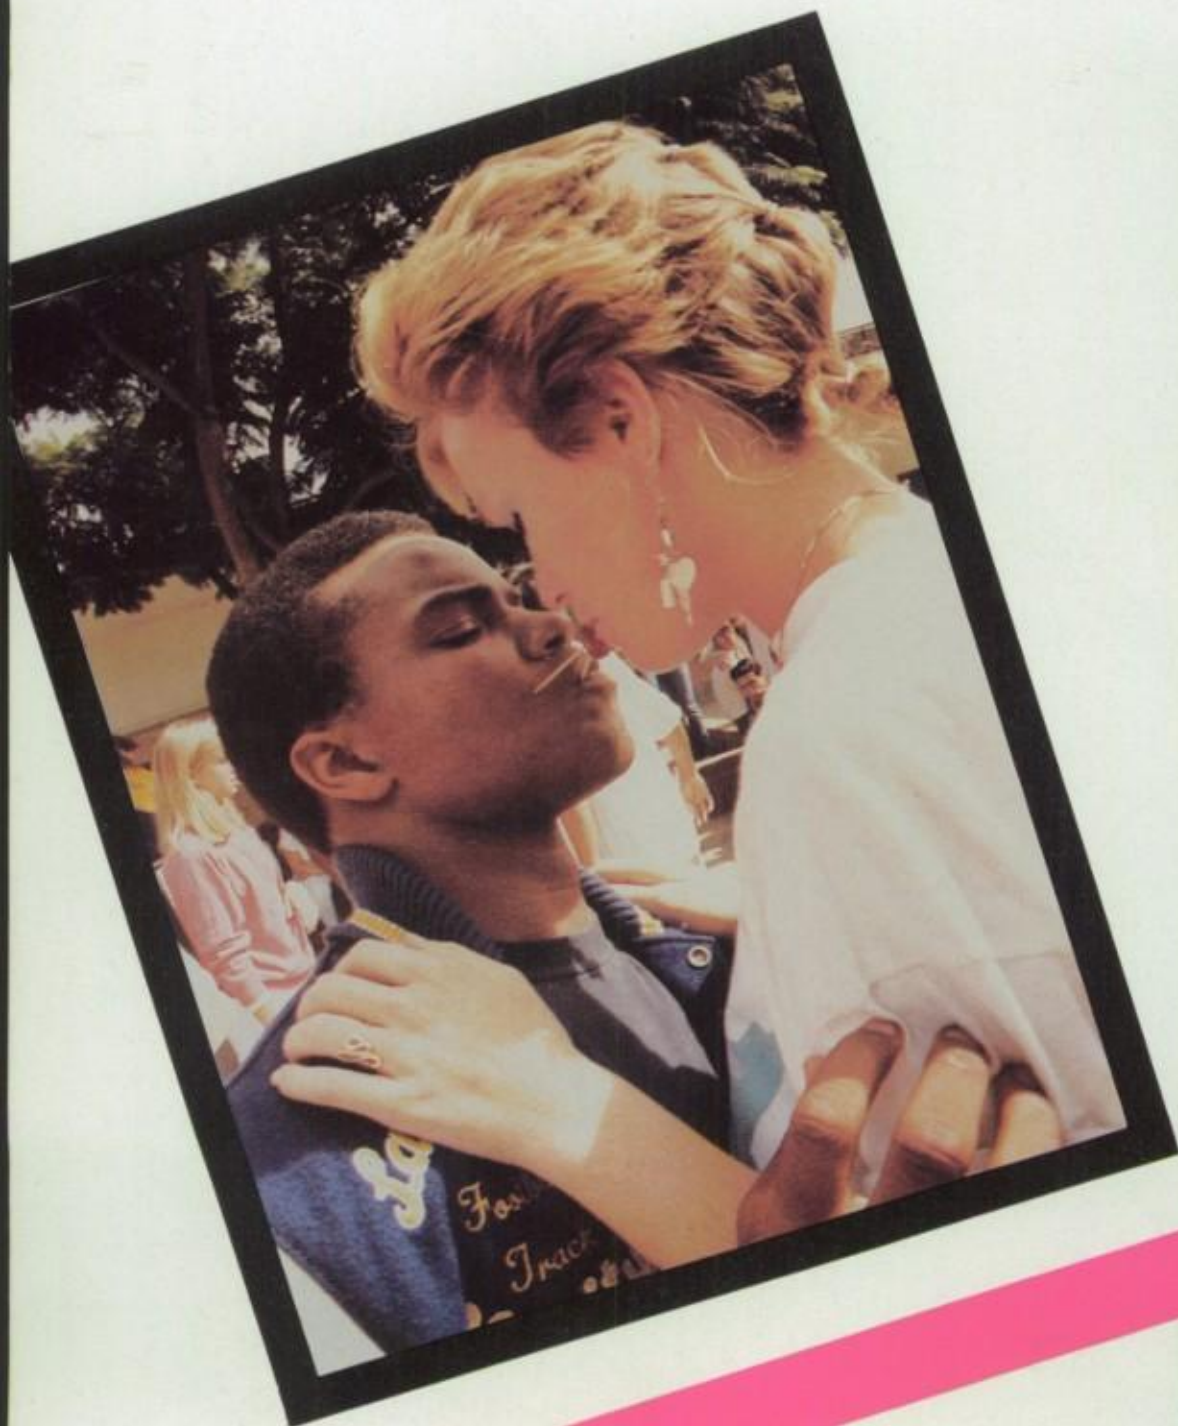

Anywhere and anytime, on campus or off, Aztecs got into the spirit of high school life. We proved that we have a life beyond the books. If we can't beat the system, we Aztecs tried to make the best of it. Enthusiasm and spirit proved to be a driving force in the outcome of the roar of laughter echoing throughout the halls at La Quinta. Having spirit here on La Quinta's campus means more than getting dressed-up or going to the game. Here, the Aztecs show their everyday pride and joy in their school by simply showing off their SMILES!

La

# Campus Life

When lunchtime rolls around, Aztec variety becomes evident. Each has his own preferences and goes his own way. The favorite places to go for lunch are Jack-in-the-Box and Taco Bell. Those who stay on campus may choose from the Student Store or the cafeteria. Despite differences, when activities are presented, all are welcomed to participate.

There is more to lunchtime than simply devouring mass quantities of consumables. Noontime activities, sponsored by ASB are thematic contests, events and team competitions that evoke spirit and pride among La Quinta Students. These activities allow self-expression and group cohesiveness for the students.

# THE WONDERFUL

The 1985 homecoming, once again, proved to be an exciting activity of the school year. It brought about smiles for everyone; excitement was in the air. The victorious win over Santiago made everyone proud.

Prior to excitement of the homecoming day was "Spirit Week" at La Quinta. For Monday, students dressed in their sleepers. Tuesday was "sdrawkcab" day. Wednesday was "Fifties Day", Thursday was "Beach Day," and Friday was "Blue and Gold Day." Throughout the entire campus, spirit prevailed.

During the half time activities, performances from the cheerleaders and the jazztechs were acknowledged by the audience. Following these performances came the presentations of the litterers with the four homecoming nominees in route on these special "World Of Disney" floats.

Riding on the freshman litter, which was "Winny the Pooh," was Kristi Harper. "Jiminy Cricket" was the theme of the sophomore litter; riding on this litter was Jennifer Lewis. Sabrina Ortiz rode on the junior litter which resembled "Mickey Mouse." Last, but not least, was the senior litter. "Dumbo the Elephant" had Nedra Wolf as a companion.

Soon it was announced that the winner of the litter competition was ... the crowd became silent ... and the winner is the ... senior class.

Another announcement was soon made ... The Homecoming Queen for 1985-1986 is ... JENNIFER LEWIS.

# AZTECS OF THE YEAR

Being chosen AZTEC OF THE YEAR is a distinguished and highly coveted award. Students are nominated on the basis of achievement in academics, activities, and contributions in school and civic organizations.

This year, the selection process was a difficult task. Faculty members viewed each nominee's folders and from that information, the winners were chosen.

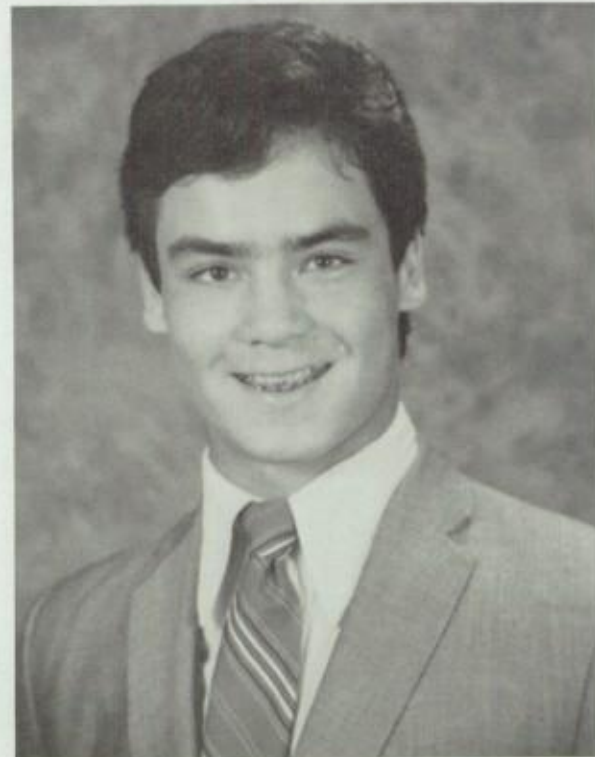

Congratulations to LISA ANDERSON and KEVIN MC CLURE, overall winners.

**LISA ANDERSON**

*A winner in several aspects, Lisa proved herself worthy of AZTEC recognition. Involved in all areas of campus life, Lisa is a leader in activities and athletics. She is active in A.S.B., Girls' League, C.S.F., Honor Society as well as track, volleyball, and basketball.*

*The Aztec Community assembles their empire.*

*"The Loonies"*

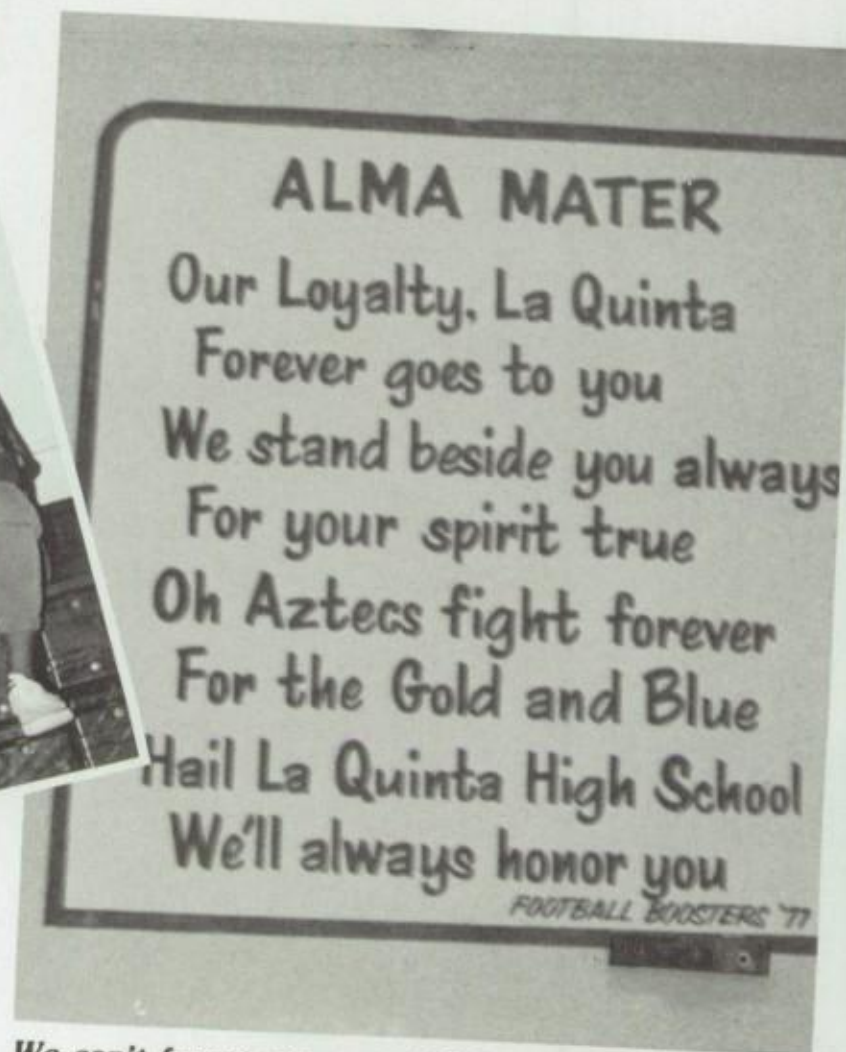

*Let the good times roll.*

*Three Stooges*

*Yah! Go On!*

*We can't forget our own ALMA MATER*

This years' assemblies were sensational. The excitement and spirit in and everyone of them was greater than in past years. Who could forget Zirc Buford as the "Homecoming Queen with the Gun", or Kelly Fitzpatrick as "Boy George," in Band Aid. Let's not forget the teachers passing the candy canes in the Christmas assembly. What a riot! Although the seniors dominated the activities, everybody competed and had a good time. So, here's to the assemblies of 85-86. Thanks for the memories.

# SADIE HAWKINS DANCE . . .

Sponsored by the Sophomore class, the Sadie Hawkins Dance on October 11, 1985, turned out to be a "rollicking-good 'ole" time for all friends and sweethearts. With KROQ disc jockey "the Poorman" the music was really "swingin'" at this western jamboree. With marriage, divorce, and jail booths, everyone was able to play out their fantasies for one night and forget all their troubles. Everyone simply enjoyed themselves and had a "barrel" of fun!

*All in the family*

*"...I just can't stop eating...I...I..."*

*"Hey, they just gotta marry us..."*

# A Grand Ole' Time!

*Like, can we move now?*

*Gee, aren't we cute!*

*Queen and her prince*

*"Now git yor potner an' swing 'em roun'..."*

*KROQ DJ "Poorman"*

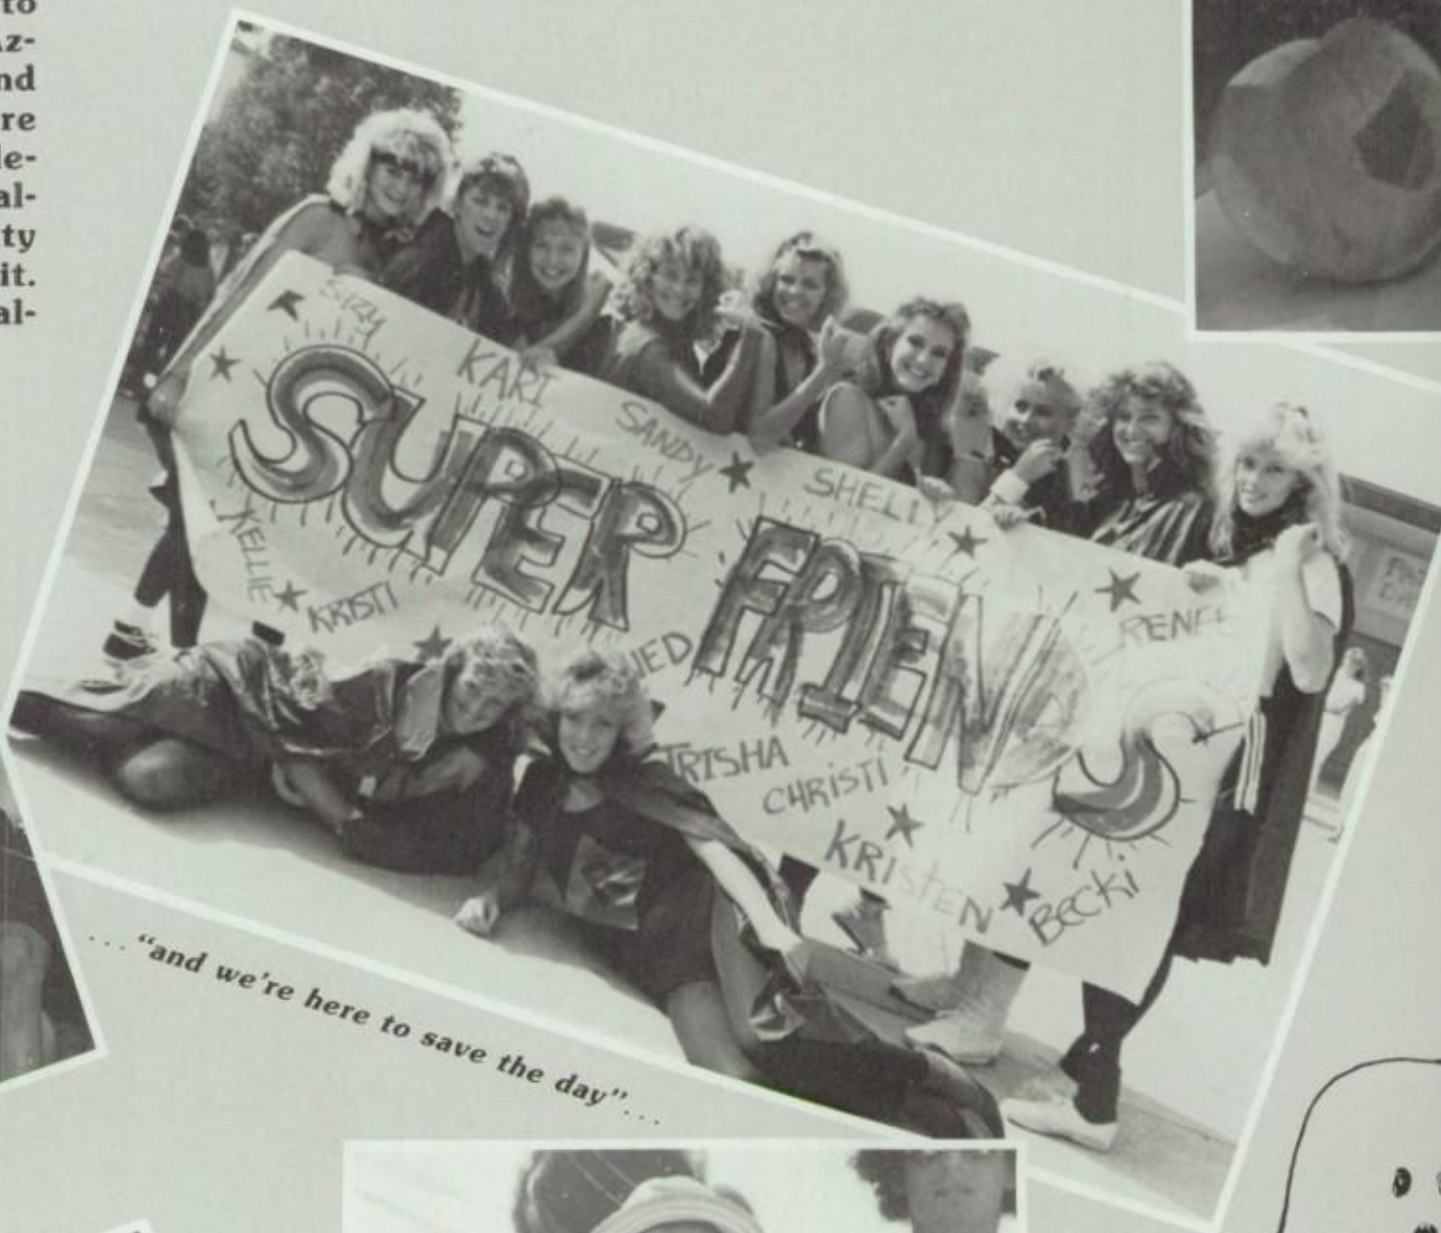

# HALLOWEEN . . .

Halloween is the only time in the year that is acceptable for us to make total fools of ourselves. Aztecs grasped this opportunity and made the best of it. Fantasies were fulfilled from bananas to Tweedledee and Tweedledum. During Halloween both students and faculty showed their creativity and spirit. The variety surely made this Halloween one of the best ever.

"Hiya, honey."

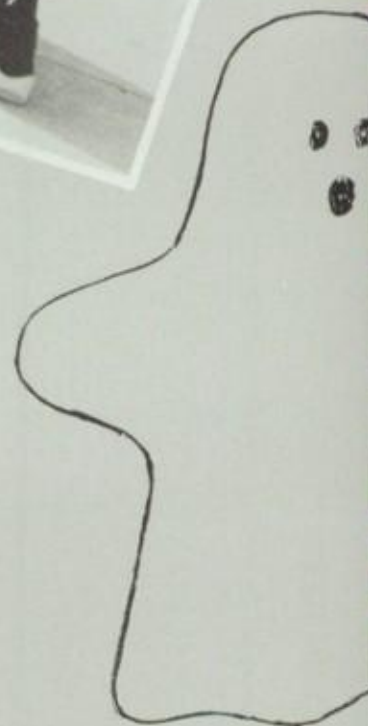

... "and we're here to save the day" ...

"We're totally awesome."

"Please help me buy my yearbook."

# A MOTLEY BUNCH

*Say cheese.*

*"Good morning, dear... SWAK!"*

*"Ay, Ay, Ay, Ay..."*

*"BOO!"*

*"We clean septic tanks."*

*Happy Halloween*

# "A CALIFORNIA CHRISTMAS"

*85 King Russ Meyers crowns 1986 King Troy Paulsen.*

*Our 1985-86 Christmas Semi-Formal King, Troy Paulsen.*

*The King and his court.*

"A California Christmas" was the theme of the Christmas Semi-Formal held on December 14th in the school gym. Couples danced to the music of Phillip Coombes from 8-11 p.m. The highlight of the evening was the coronation of the Christmas Semi-Formal King, Troy Paulsen. His court consisted of Junior Prince, Ricky Smith; Sophomore Prince Tony Price; and Freshman Prince, Shan Smith.

*4:1; What a great ratio!*

*Raise your hand, if you're SURE!*

Christmas is a time to reflect,  
To give and share and not neglect  
Those who need to live a good life  
Free from hunger, sorrow and strife.

Rewards are also a part of living,  
For those who spend time giving,  
So we dressed up for a reason  
To celebrate the holiday season.

March 15th was definitely a night to remember. Seeing everyone enjoying themselves made all our time and effort worthwhile. We really had a good turn out, and everything seemed to run smoothly. There were some problems and mishaps along the way, but we have learned from our mistakes and will strive to make the Co-Ed even better next year. Thanks to everyone for making this year's Co-Ed a success.

Sincerely,  
Lisa Anderson

1985-1986 was a period of change and improvement for the La Quinta Associated Student Body Cabinet. This year, the cabinet worked diligently to improve its image and stimulate school spirit.

The year began early, during the summer, with the painting and re-carpeting of the A.S.B. room. During this time, the cabinet was also planning the highly successful Homecoming Dance, with "Wonderful World of Disney" as a theme.

To involve the student body, the student government sponsored class competitions and activities. The student council, which met once a month, was utilized this year to generate new ideas.

The function of the A.S.B. Cabinet went beyond planning dances and making posters. With the help of activities director and advisor Larry James, A.S.B. was responsible for the success of the student store, which became a major funding source as the year progressed.

*The Del Sol family on their annual shopping spree waits for Mother Felsenthal to get a shot of their new Spring outfits.*

With only seven returning members to this year's Del Sol, the yearbook could aptly be called 'The Rookies' this year. This year's Del Sol, under the sponsorship of Mrs. Felsenthal, is one of La Quinta's most creative yet. Editor Brenda 'The Boss' Maddy is an imaginative and very capable leader. The newcomers were all full of enthusiasm and fresh ideas, and while they may have been inexperienced at the beginning of the year, Mrs. Felsenthal, Brenda and all of the editors have been busy honing the "rookies" skills.

Andy Peterson (Photo Editor), Sun Pak (Co-editor), Bill Struven (Sports Editor) and Elvia Canales (Advertising Editor) are all returning members who have taken over important roles, while Wendy Manfull attained the Organizations Editor's post in her first year on the staff.

The staff is comprised of enthusiastic and diligent workers who are trying to make this year's annual a fulfilling one for both the staff and students.

## RUBIO LEADS SUN

Martha Rubio, a junior, is the Editor-in-Chief of the Aztec Sun. To attain this position, Martha worked hard throughout her journalism career, which started in jr. high. Being the Editor-in-Chief, Martha feels a great deal of pressure from the school newspaper; but still admires the newspaper and its staff because of the paper's improvement with every issue.

Although the paper keeps Martha busy, she has many other interests. During the 1985-86 school year, Martha played J.V. Tennis and Varsity Field Hockey. She was also a member of Honor Society, Key Club, CSF, Girls League, and was a Student Representative on the Board of Education for ASB.

Martha Rubio

## ADVISOR CREATES CANDOR

The La Quinta Journalism department received a breath of fresh air when Debra Felsenthal took over it's reigns two years ago. Mrs. Felsenthal, is the advisor of both the yearbook and newspaper, and likes to help students by presenting ideas and discussing important issues with them. She has a B.A., M.A., and an administrative degree to her credit. Some of her favorites are James Michener, Rembrandt, big bands, "Jeopardy". At the last second of a class period, she will give a class an answer and they try to respond with a question: Aztec Sun Advisor ... Who is Mrs. Felsenthal?

Mrs. Debra Felsenthal

## A QUESTIONING MIND

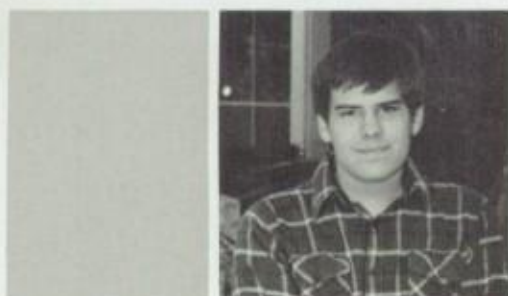

Journalism, tennis, field hockey, Honor Society, yearbook, and CSF are the school activities in which Dian is involved. This girl, who is associate editor of the Aztec Sun, has been described as a conscientious, dedicated, and creative person who often goes beyond the normal call of duty. After high school, she'd like to major in either law or business. Her role of co-editor is to help writers, organize, and plan an enjoyable school paper. Often she saves the grades of inspiring young reporters from the perils of writing. Dian is all for peace. She admires Martin Luther King, who fought against the odds, without violence.

Dian Kim

## ADMAN MAKES PROFIT

Tom Velekei is the business manager of the 1985-86 Aztec Sun. This years' paper is making a profit because of Tom's ability to get ads for the paper. Tom joined the newspaper staff to help develop his writing style. Aside from being the business manager, Tom has been a page editor for every section of the Sun. He is described as a quiet, considerate, and kind individual who is interested in learning and gets things done. Tom plans to attend college (UCLA) after high school, and tentatively hopes to major in bio-medical engineering.

Tom Velekei

## THEY FOCUS ON REALITY

Have you ever imagined what a newspaper would be like without pictures? Without pictures to reveal a subject, a newspaper would just be a blur of words. Luckily, however, the Aztec Sun is home to a fine photographer (and wrestler too)- Andy Peterson.

Andy has been clicking pictures for over a year, and he says that he enjoys his challenging art. He would eventually like to see some of his work published in a national magazine. Andy's career aspira-

Andy Peterson and Jim Pantelone

tions are in the business world, particularly in a financial matters concerning journalism.

La Quinta's newspaper photographer, Jim Pantelone has many aspirations in life, but one is not photography. Photography is just a hobby with Jim. Orange Coast College is the place where he will be

in 1986, and row for their "crew" for two years, then transfer to San Diego State where he plans to major in architecture.

Jim enjoys photography because it gives him a chance to meet interesting people.

## AMBITIOUS SOPHOMORES UNITE

One of the most influential people in the world of journalism has to be our very own Cami Pingle.

Cami has been active in La Quinta since her arrival three years ago, participating in field hockey and diving, not to mention involvement in Key Club and Honor Society. This year,

Cami Pingle

Cami inherited the demanding job of circulation manager. She enjoys writing for the newspaper because it gives her a chance to express her opinions.

Outside of school, Cami loves church, playing sports and traveling. Once in a great while, she finds time for food, also a favorite pastime.

Tom Oh is involved in the Aztec Sun staff writing front page, editorial, feature, and sport stories. He favors editorials because he likes taking a simple topic and twisting it into something exciting.

Tom enjoys school, excelling in all his subjects, especially in the field of math. In addition to his academic talent in school, he plays sports such as tennis, badminton, and soccer.

He has hopes of going into the field of law because of his love for debating; engineering is his second choice.

Hung Dinh is one of journalism's rookies, yet his presence is known by all. He joined the staff for two reasons: his love of writing and reading. Doing these two things, along with karate and basketball, is how he spends most of his time outside of school. While not reading, writing, or practicing karate, Hung keeps away from shrimp

dinners, and watches his favorite television shows — "G.I. Joe" and "The Three Stooges." For his remaining years at La Quinta, Hung wants to be Scholar of the Year, any year.

Faster than a printing press, more powerful than an editorial, able to write great pieces of literature in a single draft, look! there by the typewriter! It's James Clavell — it's James A. Michener, no, it's James A. Michel! Disguised plainly as "Jim", a mild-mannered reporter for the Aztec Sun, he fights a never-ending battle for truth, justice, and the journalistic way.

Since childhood, Jim fought for the side of good, denouncing all terrible writers. With his plans of becoming the editor for a large paper, he will rid the newspaper of villainous writers. Meanwhile, he will satisfy himself by being a constant critic; although not always in a negative light.

Tom Oh, Hung Dinh, Jim Michel

# SENIORS ON THEIR WAY OUT

## SPORTS AND SCHOOL MIX

Whether behind the lens or the ball, Chris Ferguson does it all. Chris serves as one of the Aztec Sun's photographer, and entertainment page editor. After surviving through four active years at La Quinta, Chris hopes to attend either CSUF or Florida State. She has kept herself busy at L.Q. with varsity soccer, varsity softball, and journalism. Chris Ferguson, a feature editor who kept you entertained through out the year, says she is really glad to have been here.

## BANANAMAN IS SPLIT

"Spidermite" Banana Outfits? "Fat" dreams? But what else to describe Zirc Buford's many ventures! Throughout his years in high school, Zirc has been actively involved with La Quinta. Other than being a staff member of the Aztec Sun, Zirc also participated in CSF, Honor Society, track, football, basketball, cross country, and ASB, and he was also Senior Class Vice President. Zirc is a person of many talents and a diligent worker with a genuine care and concern for people.

## DREAMS OF FLIGHT

Have you ever dreamed of being a helicopter aviator or even flying your own copter across countries around the world? These are just some of the goals of Aztec Sun reporter, Hal Griffin.

Hal is a senior at La Quinta. He likes the idea of being a reporter on an actual newspaper. Hal enjoys writing news stories on controversial issues.

A lover of music, nature, and a good science-fiction book, Hal plans to pursue a masters degree in aerodynamics and later become a pilot.

## A MAN FROM THE PAST

A bit bizarre and nostalgic is how one would describe Bill Struven. He was born in Boston on September 6, 1968. Bill is often associated with Bob Dylan because of his great admiration for Dylan.

Besides journalism, Bill is also a member of year-book and is a Senior Representative. In his spare time, he likes to listen to 60's and 70's music, spend time with his girlfriend Heather, watch Monty Python's movies, and sports, and attempt to play his guitar.

After graduation, Bill plans to attend Humboldt State, to major in journalism.

## GOLDEN GIRL SHINES

Becky Joines is a senior at La Quinta who has been involved in school, and has become Girls' League Recording Secretary and journalism page editor. After she graduates, she would like to become a psychiatric technician. Concerned, polite, and open to suggestions, could describe her plus she is also pleasant to work with and has neat, creative layouts. Becky admires anyone who can take what they have and be happy with it no matter how little it is.

## LOVE SEEKS GOALS

"I hope to have the largest panda bear collection in the world when I am older," said Kelly Love.

As a Aztec Sun reporter, Kelly has many roles. Although this is her first year in journalism, she is one of the top reporters, and she is also a page editor. Kelly's future plans are to attend Cal-State Fullerton and study journalism. She eventually wants to become a journalist, and then a newscaster.

Kelly is not only involved in journalism at La Quinta, she is also on Varsity Tennis, and was in band her junior year.

# JUNIORS SEEK SPECIAL INTERESTS

## A ROLLING STONE

As a sophomore, Su Kim was a second-page editor and reporter on the Santa Ana Valley High School paper, the Falcon, and was awarded best news story of the year. On the Aztec Sun, Su has been a fine liason between the paper and local rock bands, and has provided excellent resources and details in her articles.

Su is a junior this year and a member of Key Club and German Club. Su hopes to be a rock band reporter for Rolling Stone magazine someday.

## LONDON'S LATEST EXPORT

Gavin Crook was born in Walton-On-Thames, south of London, England. One of Gavin's best features is his dry sense of humor. Gavin would like to be an author, a historian, or an architect, or all three. Gavin's favorite writer is Edgar Allen Poe because Gavin says, "He was an insane lunatic with a twisted view on life, and yet he was a good author." Gavin enjoys Vespas and soul music from the 60's. The most important thing to Gavin is his family. Gavin says the things that motivate him are, "The quest for intelligence and the Holy Grail."

Cindy, intently reads her copy sheet.

## "FEATURING" CINDY

An aspiring communications major in college, Cindy Crook enjoys journalism since she loves to write. Feature stories are her specialty because she is able to "find out about interesting people and things." Cindy's activities at La Quinta range from Honor Society to 2nd Vice-President of Girls' League, and from Ski Club to junior class rep. Cindy is also a talented dancer who competes in jazz and ballet.

This outgoing person's interest in communicating with other people may guide her in her future career.

## MORE THAN SPORTS

The Aztec Sun staff would be quick to agree that Kristin has been able to bring new insight into the sports page of the newspaper. Sports stories are

Gavin Crook, Erika Lynn, Renee Richie, Su Kim, Kristen Harkins, Cindy Crook.

what she writes best, but she also enjoys doing stories for the feature page.

Surprisingly, Kristen has no intention of persuing a career in athletics, but instead would like to get involved in advertising or commercials, or perhaps directing a series for television.

## FAMILY TIES

The year was 1969, the first man was on the moon, Nixon was the President of the United States, the Vietnam War was just beginning, and Renee Ritchie was born.

"I love my friends and parents. They are important to me, and I consider their feelings deeply," said Renee. Even though it's Renee's first year at La Quinta, it seems she has adopted to the rigorous life at LQ through friendship and parent support.

## ERIKA'S ACTIVE

Meet Erika Lynn, Aztec Sun staff writer and active junior. Erika is affiliated with such groups as Honor Society, Key Club, CSF, French Club, and Bible study. When not enjoying a Dodger game, Erika swims for LQ's Varsity team, is a busy president and first clarinet for the marching and concert band, and performs her duties as junior class representative.

Jim makes a striking pose.

# SPIRIT LEADERS

Cheerleading is more than just promoting spirit on the field. La Quintas pep squad takes on many responsibilities such as sponsoring the basketball homecoming dance in January.

The squad also has received an award when they placed in the top fifteen of sixty-five schools in the Magic Mountain competition.

This year, Mr. Kremer has the responsibility of advising the team.

A special thank you to former sponsor, Mrs. Sharon Franke for her years of dedication in order to promote character building and team spirit.

It has been quite a disappointing year for the Drama Department at La Quinta. At the beginning of the year, plans were to put on the Broadway comedy "Noises off". The cast was chosen, and scenery was constructed, but when Mr. Hocter sent off to get scripts and the rights for the play, he was told he was not allowed to perform it. Several months had been wasted and now there is only time to put on one big show which will be the musical "Godspell". The show has been casted, and Mr. Hocter has high hopes for its success.

Even if you have not been involved in a show, you can sign up for Drama I through IV. In these classes Mr. Hocter, who is an excellent teacher, tells about the theater, its origins, and some of the basic rules of acting. Students perform acts, sketches, and do improvizations.

Instruction is also available on how to do lighting for a show and how to handle the sound system of the theater. Students are taught the parts of the stage, how to operate curtains, and the workings of the stage in general.

Mr. Hocter has been teaching at La Quinta for twenty-two years and makes all the drama classes enjoyable. He says even if people do not go into acting, if they take a drama class they will leave with a good appreciation of the theater and what it is all about. Students are encouraged to attend the theater, and Mr. Hocter sometimes organizes outings to theaters and television programs. Also this month, he is going with a group of students to London to see some plays there.

Next year, Mr. Hocter would like to put on the show "A Chorus Line" and to take some students to New York.

La Quinta's marching band and tall flags have a lot to be proud of this year. Drum majors Danny Pedroso and Scott Bilbruch lead band and tall flags to a 1st and 2nd place at Charter Oak field show.

This year all marching band and tall flags will receive varsity letters for their hard work and commitment.

Marching band and tall flags welcome all girls and guys with musical talent and a desire to perform.

Mock trial is a trial put on by teams of O.C. high school students. The students act as lawyers witnesses, and as the defendants. The trials are held before a judge and an attorney, who score the teams on how well they present their cases, separate from the decision. This was La Quinta's first year participating in the Mock Trial. They learned about being lawyers and had fun at the same time. La Quinta entered this program as an extra-curricular activity. This is a State-wide program sponsored by Constitutional Rights Program. The finalist county winners are sent to compete in Sacramento each March.

# AZTECS' "AFTER HOURS"

When outside of school, La Quinta students enjoy many different hobbies. Whether it be sailing, surfing, skateboarding, skiing, off-roading or just plain relaxation, they find time to enjoy those precious moments outside of Aztec grounds.

Spirit-wise, the junior class got off to a slow start this year. However, they showed a great deal of potential. Having a tradition of being extremely spirited in their freshman year, the juniors tried to revive that spirit again. The efforts of the officers and representatives promised to help the juniors in this endeavor.

For their major project, the juniors planned the prom. Wanting to make the evening a memorable occasion for the seniors, the juniors began organizing it from the beginning of the year. Thanks to the junior class, the seniors were able to enjoy the evening.

During the year, the juniors showed their strengths in other areas as well. Having the highest grade point average and a reputation for dedication, the juniors aspired to develop more fully into a unified group. One of desires expressed by the officers was the hope that their senior year would bring them closer together. Considering their record, there is no reason to doubt that this will happen.

# CLASS OF 1989

*Left to right: Tina Villaseñor-Treasurer, Julian Canales-President, Danna Armstrong-Vice President, Kristen Brettmann-Secretary*

*Wow! Is this the A.S.B. room?*

*Yes, we are spirited.*

*Too much cover-up.*

*Oh gee, this is fun.*

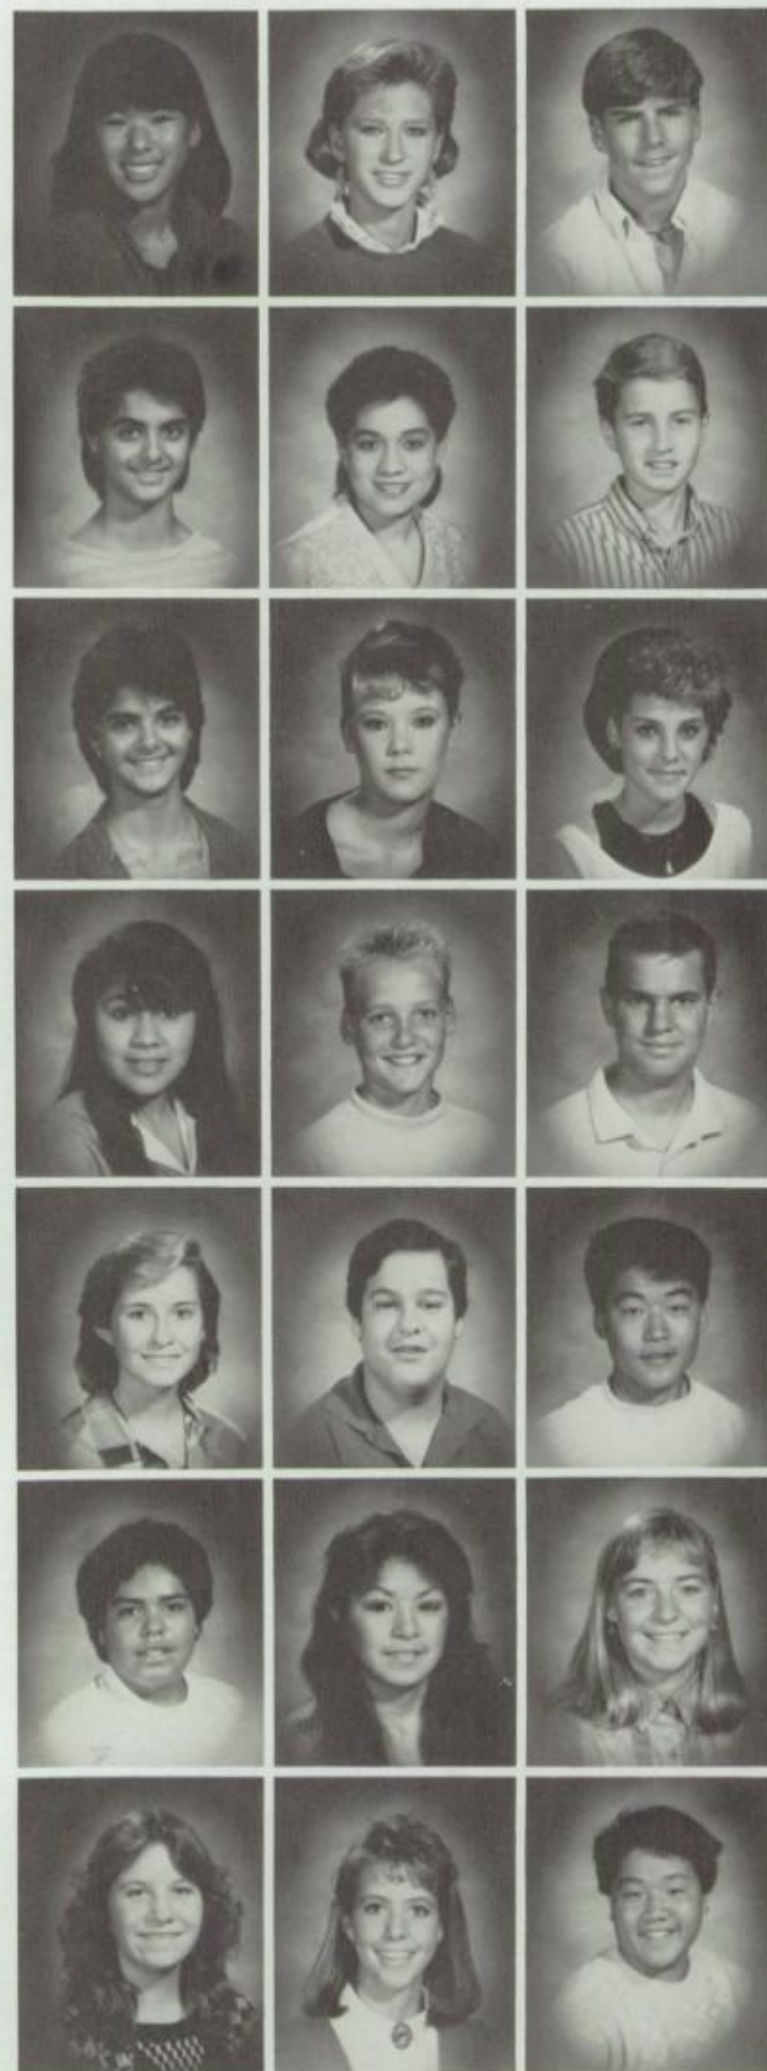

*Hang Loose!*

The freshmen, commonly given other titles such as "scrubs" or "maggotts," begin their high school years as a separate species from the human race but later develop into persons as sophomores, juniors, and seniors. Having come from another planet known as "Junior High," these 9th graders are thrust into a more highly developed world in which they must adapt to survive . . .

Realistically, the freshmen deserve more credit than what is normally given to them. It is at this point in schooling that all students must begin to think about their future and adjust to new academic and social pressures. This year's freshmen, the class of '89, promises to become the epitome of the great Aztec!

This Football season was the most successful in the history of La Quinta High School. For the third consecutive year, the Aztecs went undefeated in league. We concluded our season with an over all 11-3 record. Our biggest accomplishment was advancing to the CIF finals. We would like to express our thanks to the coaching staff for their time and effort in helping us succeed, and everyone who supported us throughout this fine season.

Thank you,

Aztec Warriors

# VARSITY MAKES HISTORY

*It's a bird, it's a plane. No it's Bart running for a touchdown.*

The Aztec Varsity went undefeated in League play for the third consecutive year and advanced to the CIF Finals where they lost in a heart breaking 28-34 struggle. The team displayed tremendous courage and character during the 85 campaign as they were forced to play most of the season without several key players who were injured early in the season. It was a tremendously exciting and rewarding season that has to go down as one of the finest in La Quinta's history, and one in which to be proud.

*The unstoppable Darrell Crain running for another touchdown.*

Under the direction of Coach Flo Fricioni, the Lady Aztecs had a tremendous season. The team owes a great deal of their success to the care and concern Coach Fricioni always demonstrated.

# VARSITY WATERPOLO MAKES WAVES

*Top to Bottom: Charlie Gibson, Chris Bowels, Ron Parent, Katie Shovlin, David Lee, Todd Bartlett, Joe Rose, Randy Toma, Jim Stark, Steve Land*

*No, this isn't the equipment manager, it's Coach Robert Hamilton*

Coach Robert Hamilton and the eleven varsity water polo players worked their way up the platform to tie for a second place in league play along with Bolsa Grande High School.

This year, the team was relatively young, so the possibility of returning players is expected and welcomed.

Time is necessary to build an outstanding team. The players want it, the coach demands it, and spectators will cheer for it.

Next year, the team has big plans to be the best; hopefully, they will be willing to give all the time required to reach their goal.

# WATER BABIES END SEASON

*Top to Bottom: Robert Curtin, Mike Price, Mike Landgrave, Michael Tyrone, Cindy Lee, Annette Marietti, Roxanne McDaris, Eric Russell, Billy Gallant, David Claess, Jim McDonald, Tom Potwar, Ron Radmer, Eric Hathaway, Mike Post, Jennie Ohlsson, Anh Nguyen, Craig Russel, Brian Peterson, Shawn Scoville*

Coach Scott Scoville helped give the "liquid Aztecs" the stability they required. Even though it was his first year with the team, he set some standards that helped the team to win.

Top scorers were Tom Potwar, Chris Bowles, Robert Austin, and Jim McDonald. The team made a comment that they appreciated those who came out to cheer them to victory, but they could use more La Quinta spectators to participate actively. They noted, "We like to "play" for the crowd."

A second place season was contributed by the junior varsity and frosh/soph teams. They played a tough water battle with Los Amigos to attain their second place status.

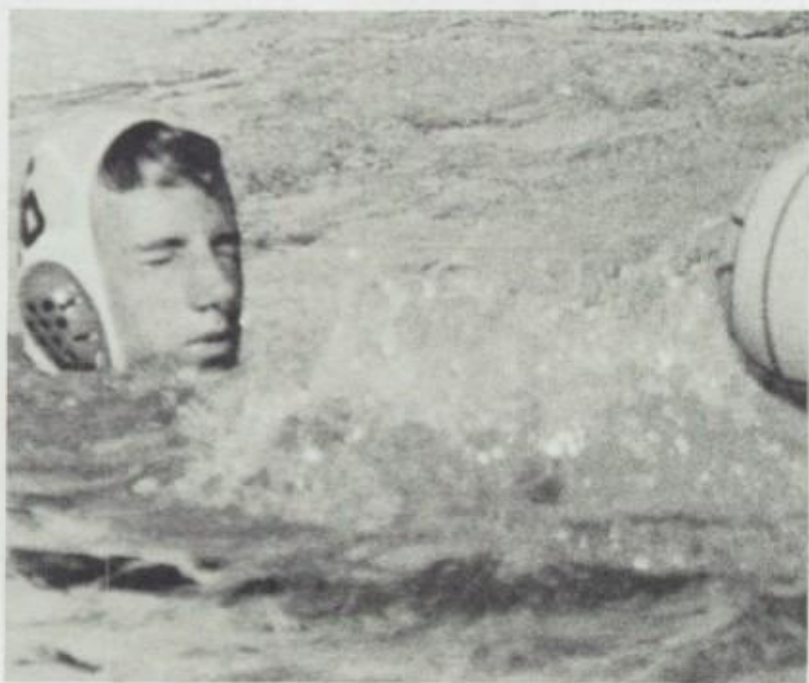

When Joe Rose was questioned regarding the performance of his team he stated, "We did a satisfactory job, but there's room for improvement. We need to work on our attitude; we need to play more as a team. Once we do that, we can beat the best!"

*Contemplating his next move, Coach Scott Scoville makes plans for a goal.*

# WITH A SECOND PLACE SPLASH

*Making his way towards the ball, junior, Steve Land strives to win.*

*Looking for an open shot, Anh Nguyen seeks his "goal".*

*Goalie, Joe Rose egg-beaters towards the sky.*

*Blocking a shot, sophomore, Joe Rose defends his territory.*

*Haming it up in the tank is Robert Curtin.*

1985  
'86

1985-86 has been a fabulous year for entertainment. The entertainment was everywhere. Music was at its finest with its political messages. Bob Geldof created a concept that benefited a worthy cause and was also a great concert. The passionate performances at Live Aid from U2 "Bad" to Mick Jagger's duet with Tina Turner, carried off with high energy and style. An inspiration of Bob Geldof also set off Steve Van Zandt's *Sun City*, a protest against the apartheid in South Africa. Bruce Springsteen and John Cougar Mellencamp wrote about "the hometown". Those who attacked the music this year should have been listening instead of criticizing.

On The Big Screen this year were many outstanding films nominated for an Academy Award *The Color Purple* was among the many that were chosen. It portrays a black woman's life in the early 1900's and her great endurance to

ENTERTAINMENT

survive the social pressures of her life. The movie Pretty in Pink was reminiscent of Valley Girl. A rich boy falls in love with a not so rich girl, but of course, in the end they fall in love.

Another big part of entertainment is television. Some of the biggest hit series this year are the Bill Cosby Show, Miami Vice, Family Ties, Cheers, Webster, and Dynasty. Dynasty II, The Colbys brought Jason Colby's family and his empire into the rich life on the golden screen. Don Johnson made Miami Vice a hit series on Friday nights. He also brought on a clothing trend for men consisting of white T-shirts with suspenders and a cotton blazer.

Adding to family entertainment were the Bill Cosby Show and Family Ties. Both shows were realistic views of family life in America and influenced joy and happiness among family members.

# COACHES OF THE YEAR

**COACH JOE ZENO**

*A winner, yes, this is quite an accurate description of Joe Zeno. He has instilled pride, pose, and perfection among the Varsity Football Warriors and LaQuinta.*

*You could say LaQuinta is home-away-from home due to the extra hours he spends on campus, trying to create winning teams.*

*A special thanks to Joe Zeno, who, after many years of service, is retiring as head football coach.*

**COACH FLO FRICIONI**

*She's tough, but she gets the job done. Thanks to Coach Flo Fricioni, LaQuinta can be proud of their CIF standings in Girls' Tennis. Coach Fricioni is serious about her teams' performance and is demanding of them which produces results.*

*Coach F plans to retire from coaching tennis; she deserves a heitus, but all hope one day she'll get back in the "swing of things" because she's terrific!*

*LaQuinta is fortunate to not only have Coach Suzi Brazney as our Girls' Field Hockey Coach, but this year received a full-time teaching contract at LaQuinta.*

*We're lucky to have a former college athlete who received a scholarship in field hockey, and who also was on the U.S.A. Softball Team whose traveled to Australia, New Zealand.*

*Ms. Brazney has done an overwhelming job in creating a winning team, and in doing so, she was honored by the league coaches.*

**COACH SUZI BRAZNEY**

Coaches of the year are selected by their league colleagues. The qualifications for Coach of the year are that the coach must have a winning team, or a team that has dramatically improved. The persons chosen as outstanding coaches should feel proud as their peers, as well as faculty, students, and their community are rewarding them for their coaching efforts.

These dedicated individuals use their experience, discipline, and character-building capabilities to enhance the athletic ability and sportsmanship-like attitude to their teams.

**COACH BILL WILSON**

*A history teacher at Irvine Intermediate, Coach Bill Wilson also serves as girls' soccer coach at LaQuinta. One would tend to believe that Bill is a permanent fixture at LaQuinta as he spends so many hours assisting the Girls' soccer team, helping them to be the best. He's humorous but also dedicated and is admired by his team.*

# ATHLETE OF THE YEAR

An outstanding athlete, Shelly Williams has devoted numerous hours in order to make LaQuinta's Girls' Soccer team a competitive and successful contender. With Spirit, drive, and determination, Shelly has helped lead her team to CIF. Being a soccer player for many years prior to her high school standing, Shelly had excellent coaching from her older brother and parents, who are very active in AYSO.

Thanks to those who helped Shelly be Athlete of the Year.

## **To The DEL SOL Family,**

What a year it has been! Deadlines, additions, omissions, corrections — all a part of a yearbook staff's nightmares, but we made it through and produced a product worthy of a legacy.

A special thanks goes to Editor, Brenda Maddy for giving the yearbook cover her special touch. To Sun Pak, I have high hopes for you in 1986-1987. And of course, who could ever forget Bill "Man of the Past" Struven. Your writing skills were greatly appreciated. Elvia Canalas, thanks for being so organized and responsible.

Photographers are a rare breed indeed. Andy, what a task you had as head photographer. Your team of Jim, Joe, Robert, and rookie, but highly dedicated and successful David Setterland, performed well.

Newcomers Betsy, Annette, and Heather — thank you for trying something new and being part of our staff. Florita, your faculty section was a monumental task and you made it wonderful. Craig and Yvette, you gave a mature attitude and a friendly feeling; environment is important for a project to succeed.

Suzanne Boyce, your experience as a former yearbook editor was a key in making the annual one to remember.

For your dedication and patience, Wendy Manfull, thank you.

Not only the Aztec Sun Associate Editor, but also on yearbook staff, Dian Kim, your dependability and creativity enhanced Del Sol.

Finally, Leslie Joe, we couldn't have done it without you. Your original artwork, layout designs, and copy were impressive and unique.

DEL SOL 1985-1986, Thanks for the memories,

**D. Felsenthal**
